## EXPERIENCE

---

### Department of Mathematics, Imperial College London

Research Associate with Teaching Duties in Statistics

Oct 2025 - Present  
London, United Kingdom

Postdoc & Fellows Representative in the Department of Mathematics

### The Cyprus Institute, Climate & Atmosphere Research Centre

Research Intern

Jun - Aug 2020

Nicosia, Cyprus

Project title: "Climate Impacts on Vector-borne Diseases: Integrating Environmental Drivers to the Mathematical Models of Vector Populations"

### PwC Cyprus

Advisory, Data Analytics Intern

Jun - Jul 2019

Nicosia, Cyprus

## EDUCATION

---

### Imperial College London

Statistics and Machine Learning (StatML) PhD

Supervisors: Dr Ioanna Papatsouma & Professor Alastair Young

Thesis title: *Novel unsupervised techniques for mixed-type data*

Oct 2021 - Sep 2025

### University of Bologna

Visiting Doctoral Student

Visiting Supervisor: Professor Christian Martin Hennig

Jan - Mar 2024

### Imperial College London

MSc Statistics (Data Science)

Thesis: "A benchmarking study of distance-based clustering methods for mixed-type data"

Sep 2020 - Sep 2021  
Distinction (80.89/100)

### Imperial College London

BSc Mathematics

Sep 2017 - Jun 2020  
First Class Honours (78.21/100)

## RESEARCH INTERESTS

---

- Unsupervised learning: Cluster analysis, outlier detection, dimensionality reduction.
- Mixed-type data: Combination of continuous and discrete variables in data.
- Robust statistics: Robustness guarantees for machine learning methodologies.

## PUBLICATIONS & PREPRINTS

---

**Efthymios Costa**, Christian Martin Hennig (2026). "A unified approach to outlier identification for mixed-type data" (*manuscript in preparation*).

**Efthymios Costa**, Ioanna Papatsouma (2025). "A novel framework for quantifying nominal outlyingness". In: *Statistics and Computing* 36, pp. 41–58.

**Efthymios Costa**, Ioanna Papatsouma (2025) Contribution to the discussion of Dümbgen and Davies (2025) "Connecting Model-Based and Model-Free Approaches to Linear Least Squares Regression". In: *Statistica* 84, pp. 107–108.

**Efthymios Costa**, Ioanna Papatsouma, Angelos Markos (2024). "A Deterministic Information Bottleneck Method for Clustering Mixed-Type Data". *arXiv preprint arXiv:2407.03389*.

**Efthymios Costa**, Ioanna Papatsouma (2023). "Outlier detection for mixed-type data: A novel approach". *arXiv preprint arXiv:2308.09562*.

**Efthymios Costa**, Ioanna Papatsouma, Angelos Markos (2022). "Benchmarking distance-based partitioning methods for mixed-type data". In: *Advances in Data Analysis and Classification* 17, pp. 701–724.

## FUNDING & AWARDS

---

### Poster Competition 1st Place & People's Choice Award

*Faculty of Natural Sciences Research Showcase 2025, Imperial College London*

### Poster Competition People's Choice Award

*Mathematics PhD Symposium 2025, Imperial College London*

### Best Postgraduate/Doctoral Paper Award

*6th Annual Conference of the Cyprus Statistical Society, 2025*

### Faculty of Natural Sciences Prize for Excellence in Teaching

*Highly commended nomination for excellence in teaching and learning, 2025, Imperial College London*

### MSc in Statistics Imperial College London Ambassador

*Honorary title in recognition of outstanding contributions to the running and delivery of the programme*

### Poster Competition Runner-up & People's Choice Award

*Mathematics PhD Symposium 2022, Imperial College London*

### PhD Studentship

*EPSRC Centre for Doctoral Training (CDT) in Statistics and Machine Learning (StatML)*

### Warner Prize

*Prize awarded for research project development in the MSc in Statistics at Imperial College London - Class of 2021*

### Outstanding Academic Representation Network Team Award

*Student volunteer award - Imperial College Union Student Choice Awards 2020*

## QUALIFICATIONS

---

### Associate Fellow of Advance HE (AFHEA)

*Awarded on February 2024, Imperial College London*

## CONFERENCES, WORKSHOPS & SEMINARS

---

<b>19th International Conference on Computational and Methodological Statistics</b>	<i>13 - 15 Dec 2025</i>
<i>Session Title: "Clustering of heterogeneous data"</i>	Session Organiser/Chair
<b>Joint meeting of the Italian and Dutch/Flemish Classification Societies (CLADAG-VOC 2025)</b>	<i>8 - 10 Sep 2025</i>
<i>Presentation title: "Cluster Analysis from an Information-Theoretic Viewpoint"</i>	Invited Speaker
<b>International Conference on Robust Statistics (ICORS 2025)</b>	<i>19 - 23 May 2025</i>
<i>Presentation title: "A novel framework for quantifying nominal outlyingness"</i>	Invited Speaker
<b>18th International Conference on Computational and Methodological Statistics</b>	<i>14 - 16 Dec 2024</i>
<i>Presentation title: "A Deterministic Information Bottleneck Method for Clustering Mixed-Type Data"</i>	Presenter
<b>RSS Emerging Applications Section Meeting "Network and Clustering Analysis for Emerging Applications"</b>	<i>13 Dec 2024</i>
<i>Presentation title: "A Deterministic Information Bottleneck Method for Clustering Mixed-Type Data"</i>	Invited Speaker
<b>UKRI EPSRC Mathematical Sciences Team visit at Imperial College London</b>	<i>9 Oct 2024</i>
<i>Poster title: "A Deterministic Information Bottleneck Method for Clustering Mixed-Type Data"</i>	Presenter
<b>18th Conference of the International Federation of Classification Societies</b>	<i>16 Jul 2024</i>
<i>Presentation title: "A Deterministic Information Bottleneck Method for Clustering Mixed-Type Data"</i>	Presenter
<b>Imperial Mathematics PhD Symposium</b>	<i>12 Jun 2024</i>
<i>Poster title: "A Novel Approach to Outlier Detection for Mixed-Type Data"</i>	Presenter
<b>Department of Statistical Sciences "Paolo Fortunati", University of Bologna - Weekly Statistics Seminars</b>	<i>1 Feb 2024</i>
<i>Presentation title: "Outlier detection for mixed-type data: A novel approach"</i>	Presenter
<b>16th International Conference on Computational and Methodological Statistics</b>	<i>16 - 18 Dec 2023</i>
<i>Poster title: "A novel approach to outlier detection for mixed-type data"</i>	Presenter
<b>Amazon Development Center Germany GmbH</b>	<i>27 - 28 Mar 2023</i>
<i>Advanced training on Statistical Machine Learning and Computing for big-data analysis</i>	Attendee
<i>Poster title: "Benchmarking distance-based partitioning methods for mixed-type data"</i>	Presenter

## Faculty of Natural Sciences Research Showcase 2022

29 Sep 2022

Presentation title: “Clustering mixed-type data: Which method to choose?”

Presenter

## Bocconi Summer School in Advanced Statistics & Probability

11 - 22 Jul 2022

Topic: Random Structures and Combinatorial Statistics

Attendee

## Imperial Mathematics PhD Symposium

16 Jun 2022

Poster title: “A full factorial benchmarking study of non-parametric partitioning methods for mixed-type data”

Presenter

## TEACHING EXPERIENCE

---

### BSc/MSci Mathematics Final Year Project Supervisor

Department of Mathematics, Imperial College London

### MSc Statistics Dissertation Supervisor

Department of Mathematics, Imperial College London

### Senior Graduate Teaching Assistant

*Probability and Statistics* - BSc/MSci Mathematics Year 1 (Autumn 2024)

*Probability for Statistics* - BSc/MSci Mathematics Year 2 (Autumn 2022)

Department of Mathematics, Imperial College London

*Statistics* - MEng Mechanical Engineering Year 3/4 (Autumn 2023)

Department of Mechanical Engineering, Imperial College London

### Graduate Teaching Assistant

*Data Science* - MSc Statistics (Spring 2022)

*Computational Statistics* - MSc Statistics (Autumn 2022, 2023 & 2024)

*Unsupervised Learning* - MSc Machine Learning and Data Science (Autumn 2022)

*Deep Learning, Supervised Learning* - MSc Machine Learning and Data Science (Spring 2023)

*Machine Learning* - MSc Statistics (Spring 2023)

*Introduction to Statistical Learning, Statistical Modelling II* - BSc/MSci Mathematics Year 3/4 (Spring 2023)

*Statistical Modelling I* - BSc/MSci Mathematics Year 2 (Spring 2023)

Department of Mathematics, Imperial College London

## OUTREACH

---

- Mentor for Imperial College London Mathematics School Research Project (2024 - 2025).

## EDITORIAL & PEER-REVIEW SERVICE

---

### Reviewer

*Advances in Data Analysis and Classification*

*International Statistical Review*

*Journal of Classification*

## MEMBERSHIPS

---

- Fellow of the Royal Statistics Society (RSS)
- Member of the Cyprus Statistics Society (CSS)

## SKILLS

---

**Programming/IT:** R (Advanced/Preferred), Python (Intermediate), C++ (Basic), MATLAB (Basic), L<sup>A</sup>T<sub>E</sub>X, HPC projects on compute clusters, Office 365

**Languages:** Greek (native), English (fluent), French (proficient)
